

SHANTILAL SHAH ENGINEERING COLLEGE BHAVNAGAR

Activity organized under G20

Name of the Event: A Seminar on “Urban Infrastructure Planning and Development”

Co-ordinators : Dr. D. B. Vaghela, Prof. S. J. Agravat

Location: Seminar Room, Admin Building

Date : 21/03/2023

Time : 2:15 PM to 3:15 PM

A Seminar on “Urban Infrastructure Planning and Development” was organized under G20 activities. The seminar was delivered by Prof. Nayan P. Soni, Civil Engineering Department, Shantilal Shah Engineering College, Bhavnagar. He considered all the aspects of engineering while development of infrastructure for urban regions is about to be done. He focused on structural planning, planning for waste management, planning for water supply and electric supply as well as the requirements of information technology-based infrastructure too. How efficiently all the branches of engineering can play vital role behind the successful planning and development of urban infrastructure.

Thus Prof. Nayan Soni has nicely established and explained relation between all the branches of Engineering in the planning and development of urban infrastructure.
